His Inspiring Story:

Dheva is a new admission in Grade 8, a sincere and hardworking student eager to continue his studies. His father works as a daily-wage labourer, so the family income is irregular and often insufficient to meet basic needs. His mother is employed in a private company, but her earnings alone are not enough to support the entire family and cover education-related expenses for both children.

Dheva has an elder sister who is currently studying in Grade 11, adding to the family's financial burden in meeting school fees for both children. A small sponsorship will help Dheva continue his schooling without interruption and ease the strain on the family, giving both children a better chance to build a brighter future through education.
